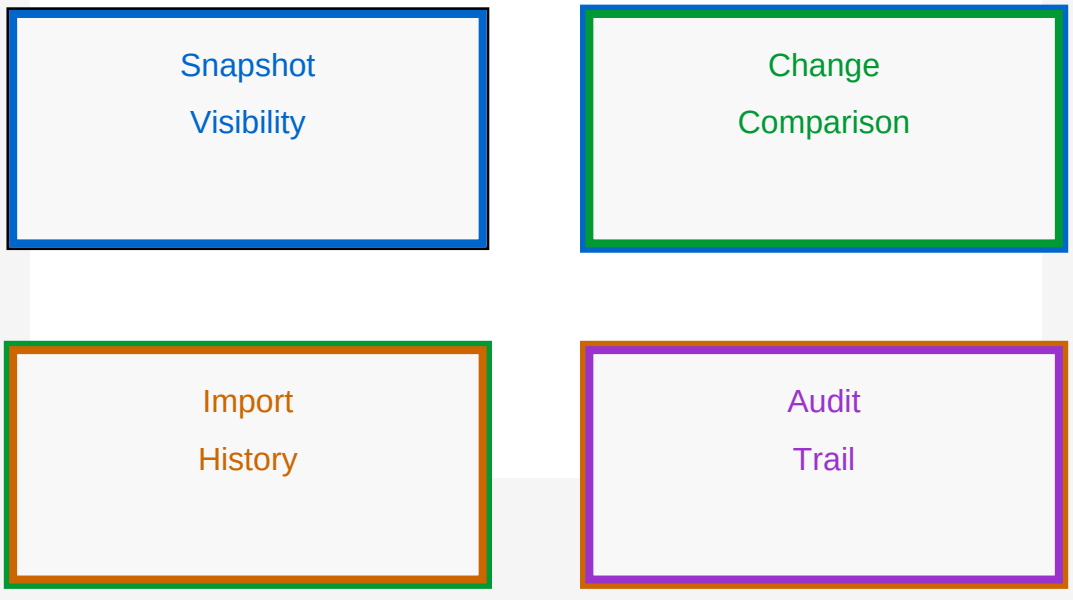
# WESLR Industrial Pilot Brief

*See changes across Siemens TIA environments in seconds*



# Business Impact

## BEFORE WESLR

- Unclear PLC versions
- Firmware mismatch
- Handover delays
- Migration risk
- Missing tag visibility

## AFTER WESLR

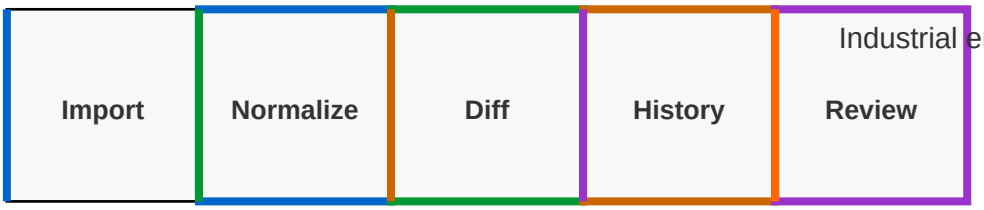
- Instant snapshot history
- Version comparison
- Audit-ready imports
- Faster maintenance
- Controlled handover

**78%**

faster handover

7 DAYS → 1.4 DAYS

# Technical Workflow



## Pilot Use Cases

- Machine builders integrating new equipment
- PLC migration projects
- Maintenance team handovers
- Siemens TIA Portal environments
- Industrial engineering teams
